DETAILED STATISTICS

# Appendix

## ITEM DEFINITIONS

Items are defined in the sequence they appear in the *District Detail* section of the report. The data items are numbered to correspond with numbers used in the column headings. To ascertain data sources for these items, refer to the *Data Sources* appendix which cross-references sources with the items defined below.

**COUNTY NUMBER AND NAME:** The county number is a unique identifier assigned to each county for administrative purposes. The numbers correspond to the alphabetic arrangement of county names. (Source: *Organization Master Files*)

**DISTRICT NAME:** The name of the district which includes a designator for the governance system. These designators are:

**ISD** (Independent School District) - A locally elected board of trustees governs the district.

**CSD** (Common School District) - The county commissioners court governs the school district.

**MSD** (Municipal School District) - The city council governs the school district.

Most school districts are independent school districts. Due to space limitations, the "ISD" designation has been omitted but other governance designators have been retained. (Source: *Organization Master Files*)

**REGION:** The Education Service Center region to which the district is assigned based upon its geographic location. There are 20 ESCs serving districts in the various areas of the state. (Source: *Organization Master Files*)

**CO-OP STATUS:** An indicator of whether or not a district participates in a Special Education cooperative. An "F" indicates the district is a fiscal agent, an "M" indicates the district is a member, and a blank means the district does not participate. For these districts, dollar amounts per student may be distorted because student counts and amounts budgeted may be reported by different districts. Districts participating in other types of cooperatives are not indicated. (Source: *Special Ed. Co-ops*)

1. **ACCREDITATION STATUS:** The accreditation status of the district as of June 1993. Districts are classified as either FA-Fully Accredited; AC-Accredited with monitor, master, or alternative intervention; AD-Advised; AU-Academically Unaccredited; CD-Accredited, Conditional or SO-State Operated.

*Accredited with monitor, master, or alternative intervention* means the commissioner has assigned monitors or masters, or has specified an alternative intervention to assist these districts in specific areas needing corrective/improvement action.

*Advised* means there are discrepancies between the district's program or operations and accreditation requirements.

*Academically unaccredited* means the district's accreditation has been revoked by the commissioner due to failure to meet or maintain compliance with accreditation requirements.

*Accredited, Conditional* is a status given to a newly formed district or a district adding grades until a full accreditation review can be conducted by the agency.

*State-operated* means the commissioner has declared a district that has been academically unaccredited for at least one year to be operated by the state.

As of June 1993, over 97 percent of the districts in the state were fully accredited and no districts were academically unaccredited or state-operated. The status of districts changes continuously. The current status of any district may be different than that shown in this publication. (Source: *Division of Accreditation*)

2. **TOTAL NUMBER OF SCHOOLS:** A count of campuses in a district which have a unique state-assigned nine-digit identifier and had students enrolled as of October 30, 1992. (Source: *Organization Master Files*; PEIMS, 110)
3. **NUMBER OF REGULAR HIGH SCHOOLS:** The number of high school campuses in a district identified by the range of grades offered as reported to TEA. Seventy-nine percent of the schools classified as high schools offer grades 9-12. See *Exhibit B* in the *End Notes* for the details of other grade configurations which are categorized as high schools. (Source: *Organization Master Files*)

600

599

4. **TOTAL ENROLLMENT:** The number of students in membership as of October 30, 1992, in grades pre-kindergarten through twelve. (Source: PEIMS, 110)
5. **FIVE YEAR % CHANGE IN ENROLLMENT:** The percent change in total enrollment for the five year period from 1987-88 to 1992-93. (Sources: Fall Survey of Pupils; PEIMS, 110)
6. **% WHITE:** Percentage of enrollment reported as white. (Source: PEIMS, 110)
7. **% AFRICAN AMERICAN:** Percentage of enrollment reported as African American. (Source: PEIMS, 110)
8. **% HISPANIC:** Percentage of enrollment reported as Hispanic. (Source: PEIMS, 110)
9. **% OTHER:** Percentage of enrollment reported as other. Other is the combination of Asian and native American counts. (Source: PEIMS, 110)
10. **% ECONOMICALLY DISADVANTAGED:** Percentage of enrollment reported as economically disadvantaged. Economically disadvantaged students are those who are eligible for: free meals under the National School Lunch and Child Nutrition Program, reduced-price meals under the National School Lunch and Child Nutrition Program, or other public assistance.

Students reported with any one of these three status codes may or may not be enrolled in a special program such as compensatory or special education. (Source: PEIMS, 110)

601

11. **% SPECIAL EDUCATION:** Students identified as participating in special education expressed as a percent of total enrollment. Students in special education may also be counted in another special program such as vocational or bilingual education. (Source: PEIMS, 110)
12. **% BILINGUAL/ESL EDUCATION:** Students identified as participating in Bilingual Education or English as a Second Language (ESL) expressed as a percent of total enrollment. Students in bilingual/ESL education may also be counted in another special program such as special or vocational education. (Source: PEIMS, 110)
13. **% VOCATIONAL EDUCATION:** Students identified as taking vocational education courses expressed as a percent of total enrollment. Students in vocational education may also be counted in another special program such as special or bilingual education. (Source: PEIMS, 110)
14. **% GIFTED AND TALENTED:** Students identified and served in state-approved gifted and talented programs expressed as a percent of total enrollment. Students in gifted and talented education may also be counted in another special program such as vocational or bilingual education. (Source: PEIMS, 110)

15. **ANNUAL DROPOUT RATE (PRIOR YEAR):** The total number of 1991-92 dropouts reported in grades 7-12 expressed as a percent of the total number of students enrolled in grades 7-12 in 1991-92.

Students reported absent for a period of 30 or more consecutive days between September

1991 and August 1992 without prior approval or documented transfer to another public secondary school are included in this total. This total also includes students that failed to re-enroll at the beginning of the 1992-93 school year.

Districts with 7th-12th graders which reported that no students dropped out have a zero (0) dropout rate. If dropout data are not required for a district because only lower grades are offered, then an "n/a" is printed. "LT5" will appear in cases where there were fewer than five 7th-12th graders to protect the students' anonymity. (Source: PEIMS, 110, 201)

16. **GRADUATION RATE (CLASS OF 1992):** The number of 12th grade students who graduated during the 1991-92 school year, divided by the total number of 12th grade students enrolled in the fall of 1991. Special education students are not included. (Source: PEIMS, 202)

17. **% GRADUATES WITH ADVANCED SEAL (CLASS OF 1992):** The number of 1991-92 12th grade graduates who received an advanced seal on their transcript expressed as a percent of total 12th grade graduates. (Source: PEIMS, 202)

18. **% PASSING ALL GRADES:** For grades 3, 7, and 11 and all subject areas, the total number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. The scores of third graders tested in Spanish are included. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students'

602

anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)

19. **%PASSING GRADE 3 (ENGLISH):** For all grade three subject area tests (in English), the number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)
20. **% PASSING GRADE 7:** For all grade seven subject area tests, the number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)
21. **% PASSING GRADE 11:** For all grade eleven subject area tests, the number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Grade 11 test results are from the October 1992 administration of the test. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)
22. **% WHITE STUDENTS PASSING:** For grades 3, 7, and 11 and all subject areas, the number

of white students who passed all tests taken, expressed as a percentage of the total number of white students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)

23. **% AFRICAN AMERICAN STUDENTS PASSING:** For grades 3, 7, and 11 and all subject areas, the number of African American students who passed all tests taken, expressed as a percentage of the total number of African American students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)
24. **% HISPANIC STUDENTS PASSING:** For grades 3, 7, and 11 and all subject areas, the number of Hispanic students who passed all tests taken, expressed as a percentage of the total number of Hispanic students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)
25. **% OTHER STUDENTS PASSING:** For grades 3, 7, and 11 and all subject areas, the number of Asian and native American students who passed all tests taken, expressed as a percentage of the total number of Asian and native American students taking one or more

tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)

26. **% ECONOMICALLY DISADVANTAGED STUDENTS PASSING:** For all grades and subjects, the number of economically disadvantaged students who passed all tests taken, expressed as a percentage of the total number of economically disadvantaged students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed. (Source: TAAS)
27. **% TESTED (PRIOR YEAR):** The count of graduating seniors who took either the Scholastic Aptitude Test (SAT) or the enhanced ACT of the American College Testing program at least once prior to May 1992 expressed as a percent of all graduating seniors. (Source: SAT/ACT Files)
28. **% AT OR ABOVE CRITERION (PRIOR YEAR):** The count of graduating seniors who scored at or above the criterion score on either test (1000 on the SAT and 24 on the ACT) expressed as a percent of all graduating seniors. (Source: SAT/ACT Files)
29. **SAT MEAN TOTAL SCORE (PRIOR YEAR):** The sum of the mathematics and verbal portions of the SAT divided by the number of graduating seniors tested. Total scores for the SAT range from 400 to 1600. These results include the most recent scores re-

603

604

ceived by graduates on an SAT taken anytime during their high school years. Scores are reported for 12th graders who graduated during the 1991-92 school year.

If no students were tested or no scores were reported, then an "n/a" is printed. "LT5" will appear in cases where fewer than five students were tested to protect the confidentiality of the students' test scores. (Source: SAT/ACT Files)

- 30. ACT ENHANCED MEAN COMPOSITE SCORE (PRIOR YEAR):** The average of the scores from the English, mathematics, reading, and science reasoning portions of the ACT. Composite scores for the ACT range from 1 to 36; these results include only the most recent scores received by graduates during either their junior or senior years. Scores are reported for 12th graders who graduated during the 1991-92 school year.

Since October 1989, a revised ACT, the Enhanced ACT Assessment, has been administered. All uses of the term ACT in this publication refer to this revised test.

If no students were tested or no scores were reported, then an "n/a" is printed. "LT5" will appear in cases where fewer than five students were tested to protect the confidentiality of students' test scores. (Source: SAT/ACT Files)

- 31. TOTAL STAFF FTE:** A count of all personnel employed by the school district as of fall 1992, including both professional and non-professional positions. All staff counts are expressed as full-time equivalents. The appropriate portion of an FTE is allocated to each of the

responsibilities associated with an individual based on a percentage of total time worked. (Source: PEIMS, 050)

- 32. TOTAL TEACHER FTE:** The FTE count of personnel categorized as teachers, including special duty and substitute teachers. (Source: PEIMS, 050, 090)

- 33. % CENTRAL ADMINISTRATIVE STAFF:** The FTE count of personnel classified as administrators in the central office, expressed as a percent of total staff FTEs. Central office administrators include assistant superintendents, superintendents, business managers, tax assessor collectors, and directors of personnel, as well as instructional officers and athletic directors if reported with a '700' campus code. See *Exhibit E* in the *End Notes* for a complete listing. (Source: PEIMS, 050, 090)

- 34. % CAMPUS ADMINISTRATIVE STAFF:** The FTE count of personnel classified as campus administrators, expressed as a percent of total staff FTEs. Campus administrators include assistant principals and principals, as well as instructional officers and athletic directors if reported with a campus code other than '700'. See *Exhibit E* in the *End Notes* for a complete listing. (Source: PEIMS, 050, 090)

- 35. % PROFESSIONAL SUPPORT STAFF:** The FTE count of personnel categorized as support staff expressed as a percent of total staff FTEs. Support staff are defined as therapists, psychologists, counselors and social workers, diagnosticians, physicians and nurses, librarians, supervisors, department heads, registrars and miscellaneous other support roles. See *Exhibit E* in the *End Notes* for a complete listing. (Source: PEIMS, 050, 090)

- 36. % TEACHERS:** The teacher FTE count expressed as a percent of total staff FTEs. (Source: PEIMS, 050, 090)

- 37. % EDUCATIONAL AIDES:** The FTE count of personnel categorized as educational aides expressed as a percent of total staff FTEs. Educational aides perform routine classroom tasks under the general supervision of a certified teacher or teaching team. (Source: PEIMS, 050, 090)

- 38. % AUXILIARY STAFF:** The FTE count of personnel categorized as auxiliary staff expressed as a percent of total staff FTEs. Auxiliary staff are those personnel for whom no role was reported. Examples include cafeteria workers and bus drivers. (Source: PEIMS, 050, 090)

- 39. AVERAGE CENTRAL ADMINISTRATIVE SALARY:** The total salary of central administrators divided by the total FTE count of central administrators. The total salary amount includes base pay only; any supplements are excluded. (Source: PEIMS, 060)

- 40. AVERAGE CAMPUS ADMINISTRATIVE SALARY:** The total salary of campus administrators divided by the total FTE count of campus administrators. The total salary amount includes base pay only; any supplements are excluded. (Source: PEIMS, 060)

- 41. AVERAGE PROFESSIONAL SUPPORT SALARY:** The total salary of professional support staff divided by the total FTE count of professional support staff. The total salary amount includes base pay only; any supplements are excluded. (Source: PEIMS, 060)

**42. AVERAGE TEACHER SALARY:** The total salary of teachers divided by the total FTE count of teachers. The total salary amount is base pay only, and does not include career ladder or any other supplements. (Source: PEIMS, 060)

**43. % MINORITY STAFF:** The FTE count of all personnel reported as non-white expressed as a percent of total staff FTEs. (Source: PEIMS, 040)

**44. RATIO OF STUDENTS TO TOTAL STAFF:** The total number of students enrolled divided by the total staff FTE count. (Source: PEIMS, 050, 110)

**45. RATIO OF STUDENTS TO TEACHERS:** The total number of students enrolled divided by the total teacher FTE count. (Source: PEIMS, 090, 110)

**46. % TEACHERS WITH 1 OR MORE PERMITS:** The FTE count of teachers holding at least one permit as of fall 1992, expressed as a percent of the total teacher FTE count. Teachers with multiple permits are counted only once.

The TEA issues four types of permits that meet different situations and require different qualifications: emergency teaching, non-renewable, special assignment, and vocational. Superintendents may activate temporary classroom assignment permits without TEA approval. Teachers holding one or more of any of these types of permits are included in the count. (Source: PEIMS, 081)

**47. % WITH 5 OR FEWER YEARS OF EXPERIENCE:** The FTE count of teachers with zero through five total years of teaching experi-

ence expressed as a percent of the total teacher FTE count. Total years of teaching experience includes experience earned in another Texas school district or in another state. (Source: PEIMS, 040)

**48. AVERAGE YEARS OF EXPERIENCE:** A weighted average obtained by multiplying each teacher's FTE count by his or her years of experience, summing for all weighted counts, and then dividing by total teacher FTEs. Adjustments have been made so that teachers with zero years of experience are appropriately weighted in the formula. (Source: PEIMS, 040)

**49. % WITH ADVANCED DEGREES:** The FTE count of teachers with master's or doctoral degrees expressed as a percent of total teachers. (Source: PEIMS, 040)

**50. % ON CAREER LADDER LEVEL 2:** The fall 1992 FTE count of teachers reported as placed on level two, expressed as a percent of total teacher FTEs. Many districts do not make career ladder placement decisions until the end of the school year; therefore counts may be under-reported. (Source: PEIMS, 050)

**51. % ON CAREER LADDER LEVEL 3:** The fall 1992 FTE count of teachers reported as placed on level three, expressed as a percent of total teacher FTEs. Many districts do not make career ladder placement decisions until the end of the school year; therefore counts may be under-reported. (Source: PEIMS, 050)

**52. % WHITE:** The FTE count of teachers reported as white expressed as a percent of total teacher FTEs. (Source: PEIMS, 040)

**53. % AFRICAN AMERICAN:** The FTE count of teachers reported as African American expressed as a percent of total teacher FTEs. (Source: PEIMS, 040)

**54. % HISPANIC:** The FTE count of teachers reported as Hispanic expressed as a percent of total teacher FTEs. (Source: PEIMS, 040)

**55. % OTHER:** The FTE count of teachers reported as Asian/Pacific Islander or native American expressed as a percent of total teacher FTEs. (Source: PEIMS, 040)

**56. % REGULAR EDUCATION:** The FTE count of teachers identified as serving students receiving regular education instruction, expressed as a percent of total teacher FTEs. (Source: PEIMS, 090)

**57. % SPECIAL EDUCATION:** The FTE count of teachers identified as serving students receiving special education instruction, expressed as a percent of total teacher FTEs. (Source: PEIMS, 090)

**58. % COMPENSATORY EDUCATION:** The FTE count of teachers identified as serving students receiving compensatory education instruction, expressed as a percent of total teacher FTEs. (Source: PEIMS, 090)

**59. % BILINGUAL/ESL EDUCATION:** The FTE count of teachers identified as serving students receiving bilingual education or English as a Second Language (ESL) instruction, expressed as a percent of total teacher FTEs. (Source: PEIMS, 090)

608

607

**60. % VOCATIONAL EDUCATION:** The FTE count of teachers identified as serving students receiving vocational education instruction, expressed as a percent of total teacher FTEs. (Source: PEIMS, 090)

**61. % OTHER EDUCATION (INCLUDES GIFTED AND TALENTED):** The FTE count of teachers identified as serving students receiving gifted and talented education instruction, students in honors classes and students served in migrant programs, expressed as a percent of total teacher FTEs. On average, 98 percent of this category consists of teachers serving gifted and talented or honor students. (Source: PEIMS, 090)

**62. TAXABLE VALUE PER PUPIL:** The district's total taxable property value in 1992 as determined by the Comptroller's Property Tax Division (CPTD), divided by the total enrollment of the district in 1992-93. This property value is determined by the CPTD as part of its annual study which attempts to present uniformly appraised property valuations statewide. The CPTD value is calculated by applying ratios created from uniform independent appraisals to the district's assessed valuations. (Sources: CPTD, Study; PEIMS, 110)

**63. EQUALIZED TOTAL TAX RATE:** The sum of the district maintenance and operation and debt service effective tax rates plus the county education district (CED) effective rate. The components of this total rate are calculated by dividing the 1992 levies from the CPTD Self Report by the Comptroller's taxable value for 1992. (NOTE: The CPTD taxable value is not the same as the locally assessed value.) (Sources: CPTB, Study; CPTB, Self Report)

609

**64. STATE AID AND LOCAL TAXES PER PUPIL (UNEQUALIZED):** The amount of state money allocated to the school district under the Foundation School Program plus both the levy amount generated by the locally adopted total tax rate of the district and the allotment distributed to the district from the County Education District. This amount divided by total enrollment results in the per pupil amount shown. This item indicates the total estimated amount of funds available to the district from state, CED, and local sources, both within and outside of the FSP system. Unequalized local funds are included in this amount. The state component of this item is the same amount shown in item 66. The amount of unequalized revenue is the difference between item 65 and item 64. (Sources: Foundation Master; PEIMS, 110)

**65. TOTAL FSP REVENUE PER PUPIL (EQUALIZED):** The level of revenue which is recognized and supported by the equalized state system. This amount includes estimates of all state, CED, and local funds available to the district that are in Tier I and Tier II of the Foundation School Program. Local enrichment outside the FSP (unequalized local enrichment) is not included in this amount. This amount divided by total enrollment results in the per pupil amount shown. (Sources: Foundation Master; PEIMS, 110)

**66. STATE AID PER PUPIL:** The estimated amount of state money allocated to the school district under the Foundation School Program divided by each district's total enrollment. This amount is a component of item 64. (Sources: Foundation Master; PEIMS, 110)

**67. TOTAL REVENUE:** Budgeted revenue from all local, state, and federal sources, except for receipts from the sale of bonds and other revenues budgeted in fund 60, the capital projects fund. See *Exhibit D* in the *End Notes* for a technical description of this item. *Bulletin 679, Financial Accounting Manual*, sets standards for the accounting of revenues. (Source: PEIMS, 030).

**68. TOTAL REVENUE PER PUPIL:** Total revenue divided by total enrollment. (Source: PEIMS, 030, 110)

**69. % STATE:** Revenue from state sources, such as per capita and foundation program payments, revenue from other state funded programs such as Adult Basic Education, and revenue from other state agencies, expressed as a percent of total revenue. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**70. % LOCAL AND OTHER:** Revenue from local taxes, other local sources, and intermediate sources expressed as a percent of total revenue. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**71. % FEDERAL:** Revenue received directly from the federal government or distributed by the TEA for vocational education, programs for educationally disadvantaged children, food service programs, and other federal programs, expressed as a percent of total revenue. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

610

**72. TOTAL EXPENDITURES:** Budgeted outlays of money for all functions and objects, except for expenditures budgeted in fund 60, the capital projects fund. *Bulletin 679, Financial Accounting Manual* sets standards for the accounting of expenditures.

Expenditures are accounted for using codes for fund, function, object, organization, and in some cases, program area. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**73. % INSTRUCTIONAL:** The percentage of total expenditures budgeted for instructional expenditures in the district. Instructional expenditures include expenditures for all activities dealing directly with the instruction of pupils, including instruction aided with computers. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**74. % CENTRAL ADMINISTRATIVE:** The percentage of total expenditures budgeted for central administration expenditures in the district. Central administrative expenditures include expenditures for the general administration of the district, the development of personnel and curriculum, and data processing services. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**75. % CAMPUS ADMINISTRATIVE:** The percentage of total expenditures budgeted for campus administration expenditures in the district. Campus administration expenditures include expenditures for the operation and management of a school. See *Exhibit D* in the

*End Notes* for a technical description of this item. (Source: PEIMS, 030)

**76. % PLANT SERVICES:** The percentage of total expenditures budgeted for physical plant maintenance and operation. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**77. % OTHER OPERATING:** The percentage of total expenditures budgeted for all other operating expenditures in the district. Other operating expenditures include expenditures for support services, pupil transportation, food services, and co-curricular activities. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**78. % NON-OPERATING:** The percentage of total expenditures budgeted for non-operating expenditures in the district. Non-operating expenditures include capital outlay expenditures not made from fund 60, the capital projects fund; debt service expenditures; and, ancillary services expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**79. TOTAL OPERATING EXPENDITURES:** The sum of all expenditures budgeted for the operation of the district. The operating expenditures are a subset of the total expenditures; they do not include debt service, capital outlay, or ancillary services. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**80. TOTAL OPERATING EXPENDITURES PER PUPIL:** Total operating expenditures divided

by total enrollment. (Sources: PEIMS, 030, 110)

**81. TOTAL INSTRUCTIONAL EXPENDITURES:** The sum of budgeted expenditures for all activities dealing directly with the instruction of pupils, including instruction through the use of computers. This is the amount used in the percent calculation for item 73. (Source: PEIMS, 030)

**82. TOTAL INSTRUCTIONAL EXPENDITURES PER PUPIL:** Budgeted instructional expenditures divided by total enrollment. (Sources: PEIMS, 030, 110)

**83. % REGULAR EDUCATION:** Expenditures budgeted for the regular education program expressed as a percent of total instructional expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**84. % SPECIAL EDUCATION:** Expenditures budgeted for the special education program expressed as a percent of total instructional expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**85. % COMPENSATORY EDUCATION:** Expenditures budgeted for the compensatory education program expressed as a percent of total instructional expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**86. % BILINGUAL/ESL EDUCATION:** Expenditures budgeted for the bilingual education and

English as a Second Language programs expressed as a percent of total instructional expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**87. % VOCATIONAL EDUCATION:** Expenditures budgeted for the vocational education

program expressed as a percent of total instructional expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

**88. % GIFTED AND TALENTED EDUCATION:** Expenditures budgeted for the gifted and tal-

ented education program expressed as a percent of total instructional expenditures. See *Exhibit D* in the *End Notes* for a technical description of this item. (Source: PEIMS, 030)

## DATA SOURCES

Data sources are arranged in alphabetical order by the abbreviations used in the *Item Definitions* section.

**CPTD, SELF REPORT:** The *Comptroller's Property Tax Division 1992 Self Report*. This report contains local tax roll assessed values for property, levy amounts, and tax rate information for all school districts with taxable property. *Item 63; Exhibit 22.*

**CPTD, STUDY:** The *Comptroller's Property Tax Division 1992 Property Value Study*, July 1, 1993. This study provides local tax roll property values as of January 1, 1992 for each district by category of land use as well as the Comptroller's re-evaluated values. *Items 62, 63; Exhibit 22.*

**DIVISION OF ACCREDITATION:** A Texas Education Agency division that is responsible for accrediting school districts. This division maintains information regarding the current accreditation status of all districts in the state. The information is updated frequently to reflect the results of site visits by accreditation teams. Accreditation status in this publication was current as of June 1993. *Item 1.*

**FALL SURVEY OF PUPILS:** *The Fall Survey of Pupils in Membership* taken in October 1987. This report provided a one day head count of the total number of students enrolled on the first Monday of October each school year. Counts of students were collected by campus, by grade, by ethnicity, by gender, and by population type (either regular or special education). This report was discontinued after the 1989-90 school year. Counts of students began to be collected through PEIMS thereafter. *Item 5.*

**FOUNDATION MASTER:** A TEA data file that contains detailed information about state funding amounts and calculations for each entity receiving state dollars under the Foundation School Program. *Items 64-66.*

**ORGANIZATION MASTER FILES:** TEA data files containing basic organizational attributes about schools and school districts, including name and identification number, county name and number, Education Service Center region, State Board of Education district, type of district (regular FSP, special statutory, or state-administered), and mailing address. *Items 2, 3; Exhibits 1-3.*

**PEIMS:** All information in this document from the *Public Education Information Management System* was reported in the fall 1992 submission. Districts were asked to report data as of October 30, 1992. Districts reported budgeted financial data for the entire 1992-93 school year. For more information about the PEIMS reporting requirements see the *1992-93 Public Education Information Management System Data Standards*. PEIMS data sources have been subdivided by type of information reported.

**030: Budget Amounts.** Amounts budgeted by the district, or campus if appropriate, reported by fund, function, object, and in some cases by program. *Items 67-88; Exhibits 21, 23-26.*

**040: Staff Demographics.** Information about each employee's sex, ethnicity, years of experience, and post-secondary degree. *Items 43, 47-49, 52-55; Exhibit 16.*

**050: Employment Characteristics.** Information for each employee such as tenure, full-time equivalency status, and career ladder information. *Items 31-38, 44, 50, 51; Exhibit 19.*

613

614

**060: Payroll.** The payroll amounts paid to each employee. Both base pay and any supplement amounts are reported by fund, function, object, and program. *Items 39-42; Exhibits 14, 18.*

**081: Permit.** The type of permit, issue date, renewal date, role of the individual teaching under the permit, and permit subject area. *Item 46.*

**090: Responsibilities.** The duties performed by each professional employee. Districts report each class schedule for the employees who are teachers. *Items 32-38, 45, 56-61; Exhibits 14, 15.*

**110: Student Enrollment.** Enrollment information about each student, including the student's grade, economically disadvantaged status, and indicators of the special programs in which the student participates. *Items 2, 4-15, 44, 45, 62, 64-66, 68, 80, 82; Exhibits 1, 4-6, 9.*

**201: Basic Dropout Data.** Last known information about a dropout; last campus of enrollment, grade level, special education indicator, economi-

cally disadvantaged indicator, and exit reason. This record also contains demographic information about the dropout such as sex, ethnicity, and age. *Item 15; Exhibits 7-9.*

**202: Basic Graduate Data.** Information about each graduate, including the date of graduation, college plans, and whether or not the graduate earned an advanced seal on his or her transcript. *Items 16, 17; Exhibit 9.*

**SAT/ACT FILE:** With permission from public school districts, a file was created by the TEA from Scholastic Aptitude Test (SAT) scores released by the College Board's Admissions Testing Program and from ACT scores released by the American College Testing Program for Texas graduating seniors. Both testing programs typically release summary test score statistics to the TEA, the media, and the public each August for Texas seniors who graduated during the previous school year. However, the more detailed data linking students' scores to campuses and districts

(which are used to create the TEA file) typically become available later in the calendar year. Thus, with this publication schedule, the test scores in this document are for 1991-92 graduating seniors. *Items 27-30; Exhibits 12, 13.*

**SPECIAL ED. CO-OPS.:** An annual TEA data file maintained by the Division of Special Education which indicates for each district whether or not the district is a member or fiscal agent of a special education cooperative, the type of district, how many members are in the cooperative, and if applicable, the cooperative name. *No item number; indicator that follows district name.*

**TAAS:** The Texas Assessment of Academic Skills test results for grades 3, 7, and 11 from the fall 1992 test administration. TAAS test files contain percent passing by grade and subject and can be further analyzed by several characteristics of the students tested. Spring 1993 test results are available in the supplement to this publication. *Items 18-26; Exhibits 10, 11.*

## END NOTES

**ACADEMIC EXCELLENCE INDICATOR SYSTEM (AEIS):** A set of indicators mandated by statute to emphasize student achievement for purposes of accountability as well as recognition. *Exhibit A* lists the 1992-93 indicators and notes the corresponding *Snapshot* item numbers for the indicators included in this document.

**ASSESSED VALUATION:** The locally assessed value of property that a district actually taxes. Property values are assessed by county appraisal districts, not the school districts. Assessment practices can vary from district to district; that is, two properties of equal worth may not be appraised at the same value in two different districts. District practices in exempting property from taxation also vary. TEA receives information about locally assessed valuation from the Property Tax Division of the Comptroller's Office of Public Accountants.

**AVAILABLE SCHOOL FUND:** The Available School Fund (ASF) was constitutionally created in 1876. It consists primarily of earnings from the Permanent School Fund and taxes dedicated to the fund by the state constitution. Most of the ASF revenue is distributed to local school districts on a per capita basis which is set by the State Board of Education using annual earnings estimates for the fund. The per capita apportionment to school districts in 1992-93 was \$344 per ADA. The ASF also pays for school textbooks.

**AVERAGE DAILY ATTENDANCE (ADA):** Student attendance information is reported for the three six-week periods in the fall and the three six-week

periods in the spring through the *Public Education Information Management System (PEIMS)*. For each district, full-year ADA is calculated by summing the ADA for each six-week period and dividing by six.

**BUDGET-BALANCED:** Until the 1991-92 school year, districts were identified as budget-balanced if the sum of the Available School Fund payment plus the Local Fund Assignment was greater than the Foundation School Program allocation as determined by state formulas. County Education Districts (CEDs) were created with the passage of SB 351 in 1991 to equalize the wide range of property tax bases, and, as a result, no CED is budget-balanced. There are however, a few districts which receive an adequate amount of revenue from the CED and the Available School Fund to meet the FSP budget without additional state aid. These districts can be considered budget-balanced.

**CAMPUS TYPE:** Campuses are divided into types according to the range of grades offered as reported to the TEA. The grid in *Exhibit B* shows the possible combinations of low and high grades for each of the campus types. For example, a campus offering a low grade of 5, found along the left edge of the grid, and a high grade of 6, found along the top edge of the grid, is classified as a middle school. A campus offering only grade 9 (both the low and high grade) is a high school.

**COUNTY EDUCATION DISTRICT (CED):** Senate Bill 351 established a second taxing entity to replace the local district in generating revenue for

The figures in the cells indicate the number of schools in the state that have the corresponding grade configuration.

the portion of the Foundation School Program allocation known as the Local Fund Assignment (LFA). County Education Districts were created to equalize the wide range of district property tax bases for school finance purposes. The 188 CEDs, which are made up of one or more counties, generate and distribute revenue to each school district within the CED. Statute required a minimum LFA tax rate of \$0.82 per \$100 valuation for each CED during the 1992-93 school year.

**CROSSWALK TO PRIOR YEAR ITEMS:** *Exhibit C* provides a comparison of the 92 data items of the 1991-92 edition to the 88 items in this edition.

**ETHNICITY:** Counts of students and staff are collected by major ethnic group. Counts of student enrollments and staff by ethnic group are derived from the fall 1992 PEIMS collection. These major ethnic groups are white, Hispanic, African American, Asian/Pacific Islander, and native American. In this publication "other" is presented as the sum of Asian/Pacific Islander and native American.

**EXPENDITURE FUNCTIONS:** An expenditure function designates the purposes for which expenditures are made. Function codes used by school districts are outlined in section CDE-403 of *Bulletin 679, Financial Accounting Manual*. Functions for which money can be spent are:

- 11 Instruction;
- 21 Instructional Administration;
- 22 Instructional Resources & Media Services;
- 23 School Administration;
- 25 Curriculum & Instructional Staff Development;
- 26 Communication and Dissemination;
- 31 Guidance and Counseling Services;
- 32 Social Work Services;

*Exhibit D* lists the function codes included in the revenue and expenditure items found in the *District Detail* section.

**EXPENDITURE OBJECTS:** An expenditure object identifies what was purchased. Object codes are outlined in section CDE-409 of *Bulletin 679, Financial Accounting Manual*. Objects for which money can be spent are:

- 6100-Payroll Costs;
- 6200-Purchased & Contracted Services;
- 6300-Supplies & Materials;
- 6400-Other Operating Expenditures;
- 6500-Debt Service; and
- 6600-Capital Outlay.

*Exhibit D* lists the object codes included in the revenue and expenditure items found in the *District Detail* section.

**FULL-TIME EQUIVALENTS:** All staff counts are shown in terms of full-time equivalents (FTEs), a measure of the extent to which a person occupies a full-time position. For example, a teacher working a full day for the entire school year represents one FTE, a full-time teacher working one semester represents 1/2 FTE, and a teacher carrying a half load for the full year represents 1/2 FTE.

The FTEs of Adult Basic Education staff or staff employed by special education cooperatives are not included in the information presented in this document. Adult Basic Education staff are identified as having either Adult Basic Education service codes or as being paid from fund code 31 or 80, meaning Adult Basic Education Fund and Trust and Agency Funds, respectively. Staff are identified as participants in a cooperative if their assigned campus number belongs in a district different from their employing district, or if they are reported with a campus number of 701. Only the portion of a person's total FTE amount associated with the campus in another district (or with the 701 record) was counted as cooperative.

FTE apportionments apply to both part-time and full-time staff performing multiple duties. In cases where a person performs multiple tasks, portions of that person's FTE are assigned according to the time spent at each duty. For example, a full-time person employed half the time as a teacher and half as an administrator would be counted as a 0.5 administrator FTE and a 0.5 teacher FTE.

**GUARANTEED YIELD:** In 1992-93, this component of the Foundation School Program guaranteed districts \$22.50 per student, per penny of tax effort levied by the school district. The school district tax effort is that tax rate adopted by the district, not including the \$0.82 required for the County Education District. If a penny of local school district tax only generates half of the \$22.50, the state provides the other half. Regardless of the portion of the \$22.50 the local district is able to raise through a penny of tax effort, the state will contribute the rest, up to a total of \$22.50. Districts able to generate \$22.50 per student, per penny of effort on their own receive no state guaranteed yield funds. The guaranteed yield is also referred to as the second tier of the Foundation School Program.

**LOCAL FUND ASSIGNMENT:** Until the 1991-92 school year, this was the portion of the Foundation School Program allocation, as determined by state formulas, that was assigned to the district to raise. Senate Bill 351 now requires County Education Districts to raise this portion. While the state requires a \$0.82 tax rate for CEDs, the dollar amount raised, or the county local fund assignment, varies with the CED's property wealth.

**PEIMS:** The *Public Education Information Management System* is the primary means through

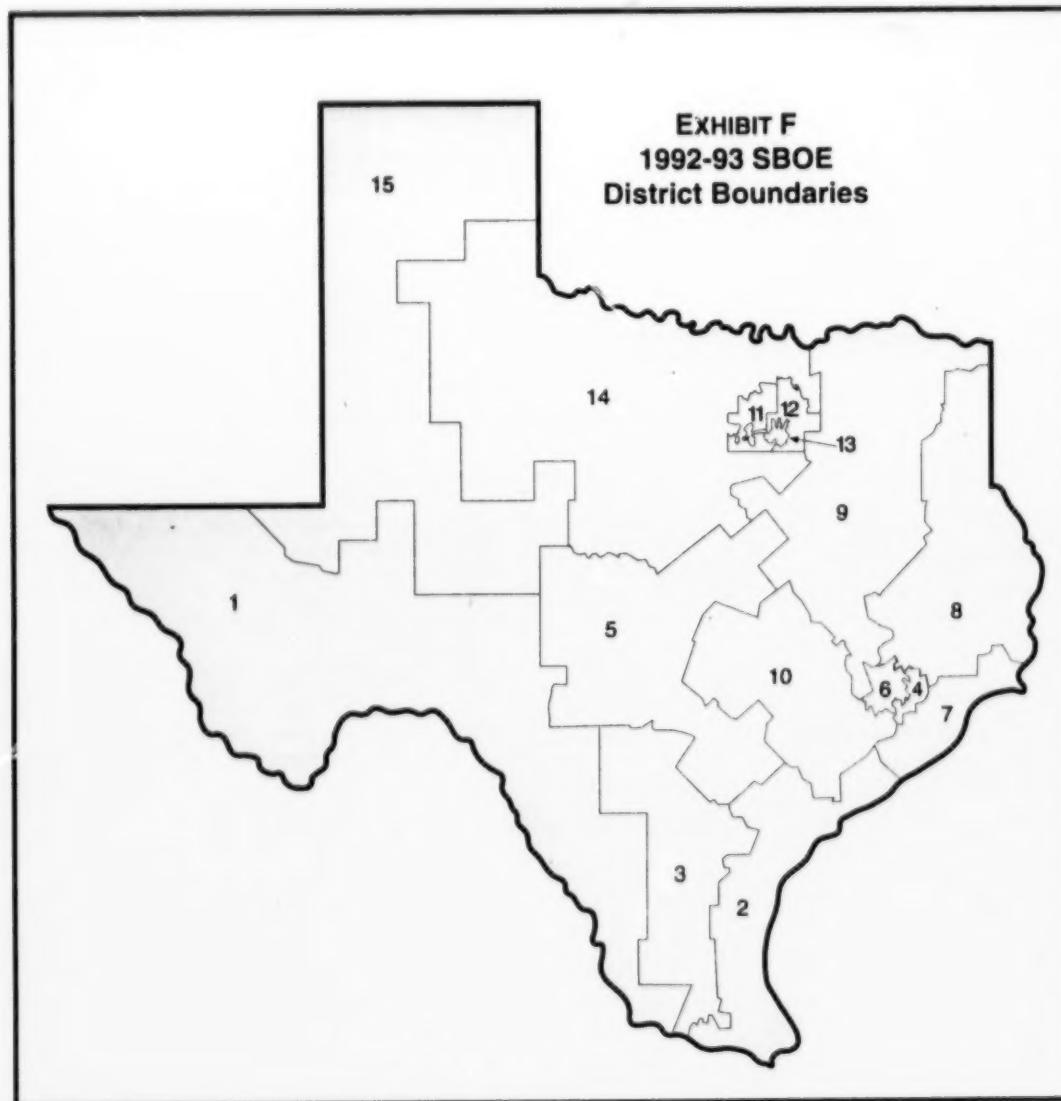

END NOTES

which the Texas Education Agency collects information on the staff, students and finances for all schools and school districts in the state.

**STAFF CATEGORIES DEFINED BY ROLE ID:** Staff information from the fall 1992 PEIMS responsibility records was aggregated into categories using the reported role identifiers. *Exhibit E* lists this detail.

**STATE BOARD OF EDUCATION - MAP OF DISTRICT BOUNDARIES:** The map in *Exhibit F* illustrates the 15 SBOE district boundaries. SBOE boundaries shown here reflect the 15 districts formed as a result of redistricting based on the 1990 census. Members of the SBOE are identified on page iii of this document with their district number that corresponds to this map.

**TUITION TRANSFERS:** Expenditures that are budgeted by districts for the cost of sending students to other districts for instruction. Because the transferring district does not count the enrollment of transferred students, including the expenditure distorts per pupil amounts. In previous editions, amounts budgeted for tuition transfers were excluded from the expenditure data presented. Beginning in 1992-93 the TEA no longer required districts to report the object code that enables these budgeted expenditures to be identified, therefore tuition transfers are not excluded from expenditures this year. In affected districts, per pupil expenditures may appear to be high as a result.

## COMPLIANCE STATEMENT

### **TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION**

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

- (1) acceptance policies on student transfers from other school districts;
- (2) operation of school bus routes or runs on a non-segregated basis;
- (3) nondiscrimination in extracurricular activities and the use of school facilities;
- (4) nondiscriminatory practices in the hiring, assigning, promoting paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;
- (5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;
- (6) nondiscriminatory practices relating to the use of a student's first language; and
- (7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

### **TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.**

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits for participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.

# Student Performance

## Introduction

**Snapshot '93: 1992-93 School District Profiles**, presents an overview of Texas public schools for the 1992-93 school year. It contains state level data and detailed information on each school district on 88 items, including the

results of the Texas Assessment of Academic Skills (TAAS) administration given in the fall of 1992. This **Special Supplement** provides the results of the TAAS administration given in the spring of 1993. These test results, in conjunction with other indicators from the Academic Excellence Indicator System

(AEIS), were used by the Texas Education Agency to evaluate the performance of districts and schools for the 1992-93 school year. Based on this accountability analysis, districts were assigned an accreditation status and schools were placed into categories of performance for the 1993-94 school year. Because of their importance in the accountability system and because these passing rates will be reported in future AEIS reports, this supplemental publication was created to provide the results of the spring 1993 test administration. Nine items are reported in the **Special Supplement**. These parallel the nine TAAS items reported for the fall test results: overall passing rates by grade and for all grades (4 items) and passing rates by the ethnic and economically disadvantaged status of students (5 items).

| EXHIBIT 1<br>Texas Assessment of Academic Skills Testing Schedule                                      |           |             |           |             |

| 6                                                                                                      |           |             |           | R,M         |
| 7                                                                                                      | W,R,M     |             |           | R,M         |
| 8                                                                                                      |           | W,R,M       |           | W,R,M,SC,SS |
| 9                                                                                                      |           |             |           |             |
| 10                                                                                                     |           | W,R,M       |           | W,R,M       |
| 11                                                                                                     | W,R,M     | W,R,M*      | W,R,M*    | W,R,M*      |
| W = Writing; R = Reading; M = Mathematics; SC = Science; SS = Social Studies<br>* Exit Level Retesters |           |             |           |             |

Results from tests administered in the fall of 1992 are reported in **Snapshot '93: 1992-93 School District Profiles**. Grade 4, 8, and 10 results from the spring of 1993 are reported in this publication. Beginning with the 1993-94 school year TAAS tests will be administered in the spring only — with the exception of 11th and 12th grade students retaking the exit-level test.

## TAAS — Background

The TAAS is a state-mandated testing program which emphasizes the assessment of academic skills. This program is undergoing several significant changes which began in 1992-93 and will continue over the next few years. As *Exhibit 1* indicates, the changes include moving the assessment to the spring of the school year, measuring a broader range of the curriculum, and administering the program across a greater number of grades. In the spring of 1993, reading, writing, and mathematics tests were administered to students in grades 4, 8, and 10 (exit-level). In addition, science and social studies field tests were administered to students in grades 4 and 8. As shown in *Exhibit 1*, these tests will become

**EXHIBIT 2**  
**Percent of Students Passing TAAS by Grade and Subject**

| <u>Grade</u> | <u># Students Tested</u> | <u>% Passing All Tests Taken</u> | <u>% Passing Math</u> | <u>% Passing Reading</u> | <u>% Passing Writing</u> |
|--------------|--------------------------|----------------------------------|-----------------------|--------------------------|--------------------------|
| 4th          | 235,269                  | 48.9%                            | 61.2%                 | 57.7%                    | 82.8%                    |
| 8th          | 225,723                  | 39.8%                            | 44.7%                 | 62.1%                    | 72.8%                    |
| 10th         | 200,538                  | 50.6%                            | 56.3%                 | 71.6%                    | 81.2%                    |
| TOTAL        | 661,530                  | 46.3%                            | 54.1%                 | 63.4%                    | 78.9%                    |

The values shown are from the spring 1993 test administration. These test results, in conjunction with other indicators from the Academic Excellence Indicator System (AEIS), were used by the Texas Education Agency to evaluate the performance of districts and schools for the 1992-93 school year.

part of the regular testing program in the spring of 1994. Additionally, after field testing in the spring and fall of 1993, reading and mathematics tests will be given at grades 3, 5, 6, and 7 beginning in the spring of 1994.

Not shown in *Exhibit 1* are other changes designed to assess a broader range of the curriculum. In the spring of 1993, field tests were administered for end-of-course examinations in Algebra I and Biology I. These assessments will be administered statewide for the first time in the spring of 1994. Additional tests are being developed in computer literacy (computer-based technology), physical fitness/health (wellness) and oral proficiency in a second language. Districts will have the option to administer these additional tests in the spring of 1994.

### Spring 1993 TAAS Results

The results presented in this **Special Supplement** are from the reading, writing, and mathematics assessment given in grades 4, 8, and 10 (exit-level) in the spring of 1993. Although various measurements can be used to report the results of standardized testing, the measure used in this document is the percent of non-special education students tested who met minimum expectations. The percent passing is variously shown as:

- the percent passing each subject for each grade;
- the percent passing all tests taken for a specific grade;
- the percent passing all tests taken for a specific student population;

- the percent passing all subjects and all grades for all students in the district.

Over 800,000 students were tested in the spring of 1993 in reading, writing and mathematics. Over 100,000 of these students were re-testers, taking the exit-level test at grades 11 and 12. Of the 661,530 non-special education students tested at grades 4, 8, and 10 in the spring of 1993, 46.3 percent passed all the tests they took (see *Exhibit 2*).

Passing percents vary by grade and by subject tested. Less than 40 percent of students tested in the eighth grade passed all tests taken, while almost 51 percent of tenth graders passed all tests taken. Pass rates for all three grades were highest on the writing assessment, with passing percents ranging from almost 73 percent in eighth grade to 83 percent in fourth grade. A lower percent of students passed mathematics in the eighth and tenth grades (44.7 percent and 56.3 percent, respectively), while among fourth graders a lower percent of students passed reading (57.7 percent).

A major objective of Texas educators is to reduce the inequities in student achievement which historically have been evidenced among ethnic and economic groups in this state. The Texas accountability system examined performance on the spring 1993 TAAS at each school for all students, as well as by ethnic group and economic status. "Clearly unacceptable performance" was defined as 20 percent or fewer students passing all tests taken. While "clearly unacceptable perfor-

mance" of the total population of test takers could place schools in the "low-performing" category, schools which had "acceptable" performance for the total population received letters of concern if any one of their student groups fell below the 20 percent cutoff. Schools were eligible for "exemplary" or "recognized" designations if all of their student groups were above the standards for these categories.

As shown in *Exhibit 3*, disparities among student groups in percent passing the TAAS continue to exist. Among the major ethnic groups in Texas, African American and Hispanic students pass the TAAS tests at substantially lower rates than white students, with differences as large as 37.8 percentage points between whites and African Americans at grade 8. At the eighth grade, African American students have an overall passing

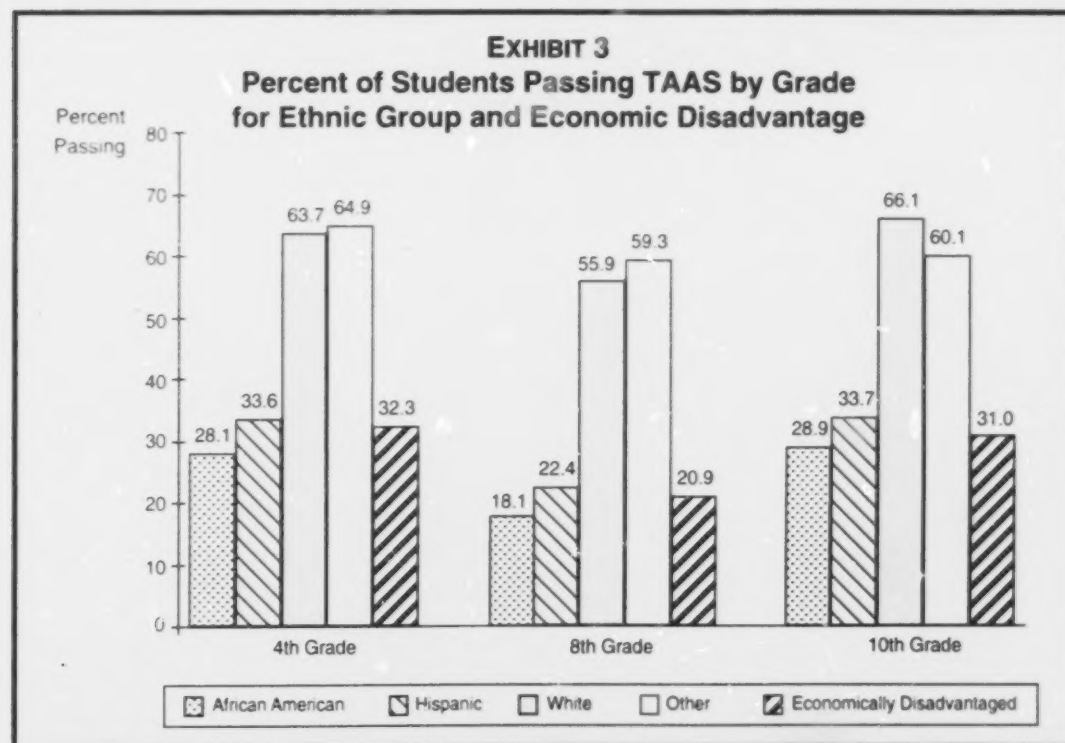

rate of 18.1 percent, which is below the 20 percent cutoff for "clearly unacceptable performance" used in the Texas accountability system for examining the performance of schools and districts. Economically disadvantaged students — a measure which includes members of all ethnic groups in Texas — also exhibit low passing rates. Statewide, the overall percent passing in eighth grade for students who are economically disadvantaged is just above the "clearly unacceptable" cutoff.

Group information in the *Detailed Statistics* section shows that the percent of students passing all tests taken on the statewide assessment instrument tends to be higher in the major suburban districts and lower in the large urban districts. This fits the pattern that existed for the past five years for testing in grades 3, 7, and 11.

### Possible Consequences

Districts must offer remediation to students failing to pass a test in a subject area. In grades 4, 8, and 10, over 355,265 students, or approximately 53.7 percent of all non-special education students tested, will require remediation in one or more subject areas.

Students failing to pass all exit-level tests are not eligible to receive a Texas high school diploma. Among sophomores taking the spring 1993 TAAS exit-level test, 99,024 (49 percent) failed one or more of the subject areas. These students have six more opportunities to pass the exit-level TAAS test before the end of their senior year as the class of 1995.

*This exhibit shows that performance on the TAAS varies significantly by ethnic group and economic status. A major focus of Texas educators is the reduction of these disparities, often referred to as the "equity gap."*

# Detailed Statistics

Information about student performance on the spring 1993 administration of the Texas Assessment of Academic Skills (TAAS) follows. Group summary tables and distribution tables are presented on pages 6 through 29, followed by individual school district level data beginning on page 30.

## Category Descriptions

Items are summarized by district size, community type, property wealth, total effective tax rate, and ESC region. A description of each of these summary groups is provided below:

### Enrollment Groupings

Districts are grouped into nine size categories according to their total student enrollment for the year. Districts of similar size are grouped together.

### Community Type

Districts are classified on a scale ranging from major urban to rural. Factors such as size, growth rates, and proximity to an urban area are used to determine the appropriate group. The groups are:

*Major Urban.* Ten school districts in the metropolitan areas of Houston, Dallas, San Antonio, Fort Worth, Austin, Corpus Christi, and El Paso. Within each metropolitan area, these districts are the largest.

*Major Suburban.* Other school districts in and around the major urban areas.

*Other Central City.* The major school districts in other large Texas cities.

*Other Central City Suburban.* Other school districts in and around the other large, but not major, Texas cities.

*Independent Town.* The largest school districts in the counties with populations of 25,000 to 100,000.

*Non-Metro: Fast Growing.* The school districts not in any of the above categories and that exhibit a five-year growth rate of at least 20 percent. These districts must have a population of at least 300 students.

*Non-Metro: Stable.* The school districts not in any of the above categories, yet have a student population that exceeds the state median.

*Rural.* The school districts that do not meet the above tests for placement into a category. These districts have enrollment between 300 and the state median and a growth rate less than 20 percent, or they have enrollment less than 300.

### Total Effective Tax Rates

Districts are grouped into four categories, or quartiles, with approximately equal numbers of districts in each. The category shows the total effective tax rate, which is the sum of the school district maintenance and operation and debt service effective tax rates plus the county education (CED) effective rate. The components of this total rate are calculated by dividing the 1992 levies by the 1992 comptroller's taxable value. The six special statutory districts do not levy property taxes.

### Property Wealth

Wealth is defined as total taxable property value per student enrolled and is used as an indicator of a district's ability to raise local funds. The property value used is 1992 taxable value as determined by the Comptroller's Property Tax Division (CPTD). Districts are classified into 20 categories with approximately equal numbers of students in each, or approximately five percent of total enrollment per category. The six special statutory districts form the 21st group because they have no taxable property wealth.

### Education Service Center Regions

The state is divided into 20 geographic regions, each served by an Education Service Center. The number of districts assigned to each ESC region varies.

## Distribution Statistics

This information is presented to help readers better understand the distribution of values of a particular item among Texas public school districts. By examining the variance between the high, low, and intermediate values, it is possible to determine whether districts have similar or very different characteristics.

Each item is analyzed independently: the district with the highest value for one item is not necessarily the district with the highest value for other items. The terms used are defined below:

**Lowest (Highest) Value.** For any given item, the lowest (highest) value found among all the districts.

**XXth Percentile.** For any given item, a value at the point in the distribution where XX percent of the school districts are below the value. For example, the 10th percentile means that 10 percent of the school districts have values lower than the value shown.

**Median.** For any given item, the value at the point in the distribution where half of the school districts are below the value, and half are above.

**State of Texas.** For percent calculations, the state value is computed as the sum of all the numerators, divided by the sum of all the denominators. For these items, the state statistic is a weighted state average.

## District Detail

Districts are sequenced alphabetically within counties. Counties are numbered and are also arranged alphabetically. To locate a particular district by name, see the *District Listing* in the appendix. This listing provides the county and county number needed to find a district in the *District Detail* section. As with the grouped reports (size, type, tax effort, wealth, ESC regions) and *Distribution Statistics*, a state summary line concludes the *District Detail*.

Definitions of the nine data items begin on page 50.

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.  
 "LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.  
 "n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

'LT5' indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

'n/a' indicates 'not applicable' or 'not available.'

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

<sup>1</sup>LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\* Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\* LT5 \* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\* n/a \* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

LT5 indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

n/a indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5 \* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5 \* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

"LT5" indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

"n/a" indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

\*Some schools in these districts operate year-round education programs. Students in these schools may have had differing numbers of days of instruction prior to testing.

\*LT5\* indicates that more than zero, but less than five students were in this category; therefore, results are masked to protect the students' anonymity.

\*n/a\* indicates "not applicable" or "not available."

## ITEM DEFINITIONS

Items are defined in the sequence they appear in the *District Detail* section of the report. The data items are numbered to correspond with numbers used in the column headings.

**COUNTY NUMBER AND NAME:** The county number is a unique identifier assigned to each county for administrative purposes. The numbers correspond to the alphabetic arrangement of county names.

**DISTRICT NAME:** The name of the district which includes a designator for the governance system. These designators are:

**ISD** (Independent School District) - A locally elected board of trustees governs the district.

**CSD** (Common School District) - The county commissioners court governs the school district.

**MSD** (Municipal School District) - The city council governs the school district.

Most school districts are independent school districts. Due to space limitations, the "ISD" designation has been omitted but other governance designators have been retained.

**REGION:** The Education Service Center region to which the district is assigned based upon its geographic location. There are 20 ESCs serving districts in the various areas of the state.

1. **% PASSING ALL GRADES:** For grades 4, 8, and 10 and all subject areas, the total number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Special

education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

2. **% PASSING GRADE 4:** For all grade four subject area tests, the number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

3. **% PASSING GRADE 8:** For all grade eight subject area tests, the number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

4. **% PASSING GRADE 10:** For all grade ten subject area tests, the number of students who passed all tests taken, expressed as a percentage of the total number of students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the

students' anonymity. If no students were tested an "n/a" is printed.

5. **% WHITE STUDENTS PASSING:** For grades 4, 8, and 10 and all subject areas, the number of white students who passed all tests taken, expressed as a percentage of the total number of white students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

6. **% AFRICAN AMERICAN STUDENTS PASSING:** For grades 4, 8, and 10 and all subject areas, the number of African American students who passed all tests taken, expressed as a percentage of the total number of African American students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

7. **% HISPANIC STUDENTS PASSING:** For grades 4, 8, and 10 and all subject areas, the number of Hispanic students who passed all tests taken, expressed as a percentage of the total number of Hispanic students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

8. **%OTHERSTUDENTS PASSING:** For grades 4, 8, and 10 and all subject areas, the number of Asian and native American students who passed all tests taken, expressed as a percentage of the total number of Asian and native American students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

9. **% ECONOMICALLY DISADVANTAGED STUDENTS PASSING:** For all grades and subjects, the number of economically disadvantaged students who passed all tests taken, expressed as a percentage of the total number of economically disadvantaged students taking one or more tests. Special education students and their scores have been excluded. "LT5" will appear in cases where fewer than five students were tested to protect the students' anonymity. If no students were tested an "n/a" is printed.

## COMPLIANCE STATEMENT

### **TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION**

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

- (1) acceptance policies on student transfers from other school districts;
- (2) operation of school bus routes or runs on a non-segregated basis;
- (3) nondiscrimination in extracurricular activities and the use of school facilities;
- (4) nondiscriminatory practices in the hiring, assigning, promoting paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;
- (5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;
- (6) nondiscriminatory practices relating to the use of a student's first language; and
- (7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

### **TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.**

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits for participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.

Texas  
Public School  
Statistics

## POCKET EDITION

1992 1993

Now more dedicated to public education in Texas approached \$17 billion in 1992-1993, over half of which were generated through tax efforts at the local district level. Local districts served over 3.5 million students at 6,184 campuses in more than 1,000 school districts.
